On March 5th the Committee on House Administration, chaired by Representative Bryan Steil (R), created a [Capital Security Info Portal](#) for people to submit J6 and other corruption information. Representative Barry Loudermilk (R) is the Chairman of their Subcommittee on Oversight. Anyone with factual information or evidence about J6 are

encouraged to send in tips up to 3,000 words. They can make arrangement how to send images or video footage.

It was Democrats who falsely accused Loudermilk of walking people through the capital on “surveillance tours” the day before J6. He’s pissed off and looking to get the truth about J6 out to the public. [Last November](#), both Steil and Loudermilk publicly slammed Biden [in a letter](#) that demanded he retract his false election comments that “Georgia implemented Jim Crow 2.0”.

The screenshot shows the website for the Committee on House Administration, chaired by Bryan Steil. The page is titled "Capitol Security Info - Portal Submission". The text on the page explains that the committee holds oversight responsibilities over all security elements of the Capitol complex and has launched this information intake portal to provide an avenue for individuals with knowledge of the events of January 6th and the Select Committee to provide information to the committee regarding what transpired on January 6th.

FREE THE POLITICAL PRISONERS.... Don't let fake news including "Fox" ignore FAKE PROSECUTIONS with biased juries that never see obvious exculpatory evidence.

FREE THE POLITICAL PRISONERS.

This ain't Communist China... *or is it?*

They have been caught withholding evidence, tampering with evidence, and intercepting client attorney communications.

When will they be held accountable??

Never forget the quote from CIA director William Casey way back in 1981, "We will know our disinformation program is complete when everything the American people believe is false". These people have been living in a world of evil lies and evil narratives for a long time. They do not have the integrity or principles to deal with truth and reality. Psychopaths.

When they kicked Glen Beck off the air for talking about George Soros and the federal reserve, it was obvious who they really are. Since that day there have been literally hundreds of examples of why not to trust Fox. Eric Charrimillo.

They usually allowed some some genuine "conservative" shows, but their "news" portions were always calculated to maintain the establishment uniparty, meaning, the sellout of the United States, with a nice suit and tie. And they would still limit the "genuine conservatives".

They stole the 20 & 22 elections as much as anyone else did. Each and every one of the talking heads and their staff. There's no way around it.

We need the investigations even if they don't satisfy. It is the only way that some Truth gets revealed.

And the J6 prisoners want and need this desperately.

Also release video to all. Not just Tucker

So what do you expect from a banana republic police state super power?

I expect they're not willing to go down without swinging. No pun intended, but the penalty for treason obviously pales in comparison to the thought of their other crimes ever seeing the light of day.

Once the people know the truth of what they've done, it's game over. They're finished, and they know all the police state super power on the planet, could ever overcome 200 million incensed countyrmen demanding they be held accountable for their crimes against humanity.

We are already seeing the left channel their unique outrage where it belongs, and the truth has only just begun to reach those that were deceived into thinking we were the enemy.

They are not in a frantic panic for nothing. Their worst nightmare is all the peasants gathering together every torch and pitchfork from all four corners of the region, like those scenes in the movies.

Then request criminal referrals.

Sounds like a great way to get your name on a list and have the FBI show up at your front door for naively thinking that the GOP is actually on your side and are going to actually do

anything. Have they done anything to gain your trust to expose yourselves like this?

This is the GOP that has said NOTHING about the J6 witch trials for years and have repeatedly tossed patriots under the bus. And you think they are suddenly going to protect you? They are simply trying to identify loose ends.

I mean none of them have signaled that they would defund the FBI. In fact they just voted to expand the FBI. What do you really think they will do with this information?

But whatever. Dumb and naive people are the reason we have lost this country already.

The J6 prisoners are being held in a foreign prison in a venue where Congress has exclusive authority. The District of Columbia is foreign with respect to the several states and Congress (Rs and Ds) control it, the territories and enclaves without having to abide by the Constitution. That's just facts. The plight of the J6 prisoners is minor in comparison to the fact that United States government created a fake pandemic and used it to crater the economy, shutter small businesses and coerce Americans of all ages to be injected with knowingly toxic experimental drugs resulting in 100s of thousands of casualties (harmed/killed) and counting. This terrorist government is getting away with it too because nobody in the media is doing the hard work/research to expose this premeditated mass casualty crime against humanity and other frauds perpetuated by government.
