19. NO	51	4.38%

The Arizona Republican Party is now the second state Republican Party to pass the 'Ban the Jab' resolution and declare COVID-19 injections **biological and technological weapons**.

Shout out to Patriot Dan Schultz! When I reached out to Dan and asked him to submit the resolution, he did not hesitate. Dan submitted the 'Ban the Jab' resolution to the Republican Party of Arizona. The Arizona GOP voted today and passed the resolution with 95.62% of the

vote! The resolution declares the COVID-19 injections biological and technological weapons and calls on the Governor to prohibit their distribution, the Attorney General to confiscate the vials, and conduct a forensic analysis of their contents.

In addition to being an attorney, Dan is a former West Point graduate and former U.S. Army counterintelligence and human intelligence officer. Dan Schultz advocates the [Precinct Strategy](#), which seeks to wrestle control of the Republican Party back to the people. Previously, Dan Schultz submitted the 'Ban the Jab' resolution to the [Maricopa County GOP](#). On Saturday January 13th, the Maricopa County GOP passed the resolution with 87.4% of the vote! A total 1494 votes were cast, 1306 in favor, 188 against. Maricopa County is the largest Republican County in the nation.

The first 'Ban the Jab' resolution that I authored was passed in February of 2023. The Gateway Pundit recently reported on my lawsuit that [seeks to Ban the Jab in Florida](#). The case was dismissed and is on its [way to the appellate court](#).

To date, approximately [10 Florida Republican County Parties](#) have passed 'Ban the Jab' [resolutions](#) declaring Covid 19 injections biological and technological weapons, also calling on the Governor to prohibit their distribution and the Attorney General to confiscate the vials and conduct a forensic analysis. The [Florida Republican Assembly](#), The [National Federation of Republican Assemblies](#), the [Republican Liberty Caucus of Florida](#) have passed Ban the Jab resolutions. Recently, the [Florida Department of Health](#) has joined the call to Ban the Jab. [Clackamas County GOP](#) in Oregon and the [Idaho Republican Party](#) has passed the Ban the jab resolution.

Previously, the Arizona GOP was scheduled to vote on the resolution on January 27th, however, other business and debates caused delays to prevent getting to the vote. Dan was persistent and resubmitted the resolution.

Arizona is considered an important state in politics and passage of this resolution will help build support for prohibiting biological warfare against Americans and civilian populations at large.

I am also currently in [litigation seeking to force Governor DeSantis to ban the jab in Florida](#).

The text of the resolution submitted by Dan Schultz follows:

Arizona 'Ban the Jab' Resolution:

Whereas:

Strong and credible evidence shows Covid 19 and Covid 19 injections are biological and technological weapons, and

Pfizer's clinical data revealed 1,223 deaths, 42,000 adverse cases, 158,000 adverse incidents, and approximately 1,000 side effects, and

an enormous number of people have died and or have been permanently disabled after having been injected by the Covid 19 injections, and

strong and credible evidence from Sweden exists that Covid mRNA shots alter human DNA, and

government agencies, media, and tech companies, and other corporations have committed enormous fraud by claiming Covid injections are safe and effective, and

The Florida Department of Health has called for a halt to the mRNA injections, and continued experimentation on humans and denial of informed consent are violations of the Nuremberg Code and therefore constitute crimes against humanity,

Resolved:

On behalf of the preservation of the human race, the 2024 Arizona Republican Party Presidential Nominating Convention Delegates call upon Governor Hobbs and the state legislature to prohibit the sale and distribution of Covid injections and all mRNA injections in Arizona, and for the Arizona Attorney General to immediately seize all Covid injections and mRNA injections in Arizona and perform a forensic analysis on these so-called “vaccines.”
