An estimated 11 million illegal aliens – mainly military-age males – have entered the US on Joe Biden’s open border invitation.

Hundreds of thousands of illegals are pouring over the border every month.

Biden slipped and admitted the influx of illegals = new Democrat voters.

"We've built, and i know you did it for Obama, the largest, most inclusive voter fraud organization in the countries history."

That's the thing with Biden. Unlike Obama, who knew how to keep his mouth shut most of the time about his desire to destroy the nation, Biden can't help but boast about his lawbreaking and treason. He does it because he's never been held accountable for anything in his life.

I think he applied as a Kenyan to increase his chances for admission. Maybe even a scholarship. Either would have disqualified him from being president.

From what I read, he had to become a citizen of Indonesia to attend the school he attended there.

He had from age 18 until age 21 to reclaim his USA citizenship, but never did so.

Its true that Indonesia does not allow dual citizenship and if you seek to become a citizen you must renounce all other citizenship. However, there is no indication that Obama ever did that and, there are different types of schools in Indonesia, some require citizenship and others do not, they simply require proof of age by way of birth certificate. There are a lot of shady things about Obama but I dont think this is one of them. Either way we have bigger problems right now than where Obama came from

Don't be so sure they're "blunders", there's been way too many of them. I believe them to be intentional.

It is important to post the entire quotation as it directly implicates Obamaphone.

Old White Joe on the subject of fraud:

**"We're in a situation where we have put together, and you guys did it for our administration...President Obama's administration before this. We have put together, I think, the most extensive and inclusive voter fraud organization in the history of American politics"**

This fraudulent administration is signing them up to vote. It's happening in AZ. SC NC Texas Pennsylvania while others reported in Wisconsin as well.

I just spent 3 1/2 hours at the tax collector today to get a hard copy of my title. It took forever because 40 % of customers didn't speak English and needed translators. All getting driver's licenses. I remember a time when we all had to jump through extra hoops to renew our license to get one with a check mark, to double prove we were legal citizens. Seems like a lifetime ago.

That comment must have gone over everyone else's heads. If the leader of our country admitted to extensive voter fraud, he should have been kicked out of office before he set foot in the Oval Office.

Yep.. And MI just passed a law, you'll be thrown in jail if you question the outcome of an election.

So, count MI out this year and every year going forward. They've codified the steal through law.

28 out of 100 speak Spanish because it's the national second language, ignorant moron. Just like in Canada ours is French across the country because of Quebec.
