If you take a step back and look at things from a different angle, everything starts to make a lot more sense. Instead of just seeing Hunter Biden as some perverted crackhead who grew up with a silver crack pipe in his mouth, what if we saw him as something more sophisticated, like a well-groomed CIA asset? This twist adds a whole new layer to the long-standing drama around the Biden crime family.

Mike Benz, the director of the Foundation For Freedom Online, has been all over this idea. He's been suggesting for a while that Hunter might be more than he appears. Back in September, Mike highlighted growing evidence that suggests Burisma was part of a CIA operation during Biden's VP days, which focused on controlling Ukraine's energy sector. He even pointed to an article with photos of Ambassador Yovanovitch meeting Burisma officials after being flagged about their corrupt dealings. That article is below.

[Just the News:](#)

Photos deleted from the now-defunct Burisma Holdings website show former U.S. Ambassador Marie Yovanovitch met with Vadim Pozharskyi—the Burisma official who worked closely with Hunter Biden—at two separate events after she had been told the Ukrainian energy company was considered corrupt by the State Department.

The photos are likely to raise fresh questions about parts of Yovanovitch's testimony to Congress during former President Donald Trump's first impeachment. It also raises the question of why the U.S. embassy in Ukraine engaged with company representatives in a public relations campaign with the U.S. government at the same time that internal embassy communications focused on the company's corruption.

Photos obtained from the now-deleted Burisma website and the U.S.-Ukraine Business Council (USUBC) show that Yovanovitch attended two meetings hosted by the USUBC in Kyiv with Vadim Pozharskyi, the Burisma executive who met with then-Vice President Joe Biden and appears frequently in Hunter Biden's emails.

The Burisma website also referenced one other meeting, though no photos were provided. Pozharskyi—the corporate secretary who ran the day to day operations with the board of the company—was at the epicenter of Burisma's public relations campaign to close down investigations into the company by former Ukraine Prosecutor General Viktor Shokin.

Yovanovitch testified at Trump's first impeachment because she served as the U.S. ambassador to Ukraine when Trump made the infamous phone call to the newly inaugurated Ukrainian President, Volodymyr Zelensky.

In her October 2019 testimony as part of the first Trump impeachment inquiry, Yovanovitch told congressional investigators that Burisma—and Hunter Biden's role with the company—was not a focus during her time at the embassy.

Honestly, there's a whole lot about Hunter Biden that flies under the radar, including his involvement in a business that thrives on a steady flow of illegal immigrants. Could this be why his father threw open the floodgates, sparking a massive invasion at the border? It seems like a rhetorical question in light of everything we know about this criminal family.

Mike's been highlighting Hunter's very sensitive "CIA work" for quite a while now.

In addition, Mike also explains how Hunter (and Gavin Newsom) are selling off parts of America to our foreign enemies. Could this be some kind of payoff for Hunter's high-level national security work?

Mike recently sat down with America's Voice to break down this theory that Hunter might be an intelligence asset. They discussed the possibility that he was working for the national security state to shift Ukraine's energy focus away from Russia and towards Europe. It's a complex theory, but unpacking it sheds new light on the bigger geopolitical moves at play.

Honestly, this theory could really explain why there are so many high-level relatives on Burisma's board and why VP Biden once threatened to withhold a billion dollars from Ukraine unless they dropped their internal investigation. And perhaps the most troubling part is that nobody cared—possibly because our entire intelligence community was in on all of it?

Why try to shift the blame onto Republicans when Democrat VP Joe Biden shared the same offices with Hunter for years and had full knowledge of what he and Rosemont-Seneca were up to? Are you going to try to blame R's for Perkins-Coie and Hillary's fake Russian Dossier too? Please. Try to use your head!

Start with the question: who always cleaned up Hunter's messes (like the rental car)? Look for patterns and common persons of interest. Work from there to find the handler. 😊

Perhaps they're just as evil, but Hunter Biden was never a CIA agent. That's just more blatant Democrat douchbaggery designed to make him look like some kind of Patriot, instead of the filthy little depraved crackhead that he's always been. No reputable "intelligence" agency anywhere in the world would hire a crackhead pedophile --- they're simply too unreliable and would pose an extreme liability to the security of the agency and everyone involved in the operation.

CIA agents are not seen as heroes any longer. The left sees them as super police, they hate the police, a good portion of the right knows all the evil that is done in our name by the CIA and military. Whoremongers, drug addicts, drunks, liars and

our name by the CIA and military, who are mongers, drug addicts, drunks, liars and wife beaters have a better reputation. Then again, I am talking about your average "Agent".

Yet the left still presents them ALL as being true patriots who are working hard to protect the country, which they most definitely are not! Any agency that operates in darkness and secrecy with no accountability or transparency whatsoever is predestined to become totally corrupt. The CIA, the FBI, and the DoJ are no exception.

Ha! That the exact profile the Agency looks for, the weak, depraved, sexual deviants that are easier to control. They are compromised in their personal lives and it's small leap to being compromised in their "professional" lives as well. They are never directly on the Agencies payroll but paid with dark money. They are never direct employees of the Agency so when an official is questioned at congressional hearings they can honestly say that so and so is not employed by the Agency. Their handler is the link.

Perhaps they do in normal circumstances, but certainly NOT when that weak, depraved, sexual deviant happens to be their installed and illegitimate pResident's bagman/son!

Slimy Joe Biden has quite enough troubles with his own corrupt and tarnished image already. He obviously doesn't need the CIA to cast even more shade on his equally corrupt and perverse family by association. Try to use your head!

1. 75% of U.S. occupants (detached zombies) are BRAIN-DEAD, most of the remaining

have a 60-second attention span.

2. The America-hating, Corrupt, Lawless, Betraying, Incompetent Federal Government, its tentacles, Lobbyist bed-mates and Dark Money. Consider the ongoing clandestine corruption that will **never** be revealed.

These passive aggressive jabs of yours is the perfect example of why you are here; you enjoy abusing people. As I said, you don't actually care anything about Trump (or Trump supporters), you just want to hurt people so you go to a conservative site like this and try and rile people up.
