My personal opinion on the Pavel Durov situation is that this is a CIA (and their intelligence network) operation. France is part of the Nine Eyes network (an extension of the Five Eyes intelligence alliance).

Telegram has been on their radar for a long time.

Four months ago Pavel Durov gives his first interview in almost a decade to Tucker Carlson in which he reveals that U.S. intelligence agencies have been trying to recruit

them, to get control of, and to compromise Telegram.

When something like this is publicly revealed and to such a large worldwide audience, this usually doesn't sit well with the intelligence agencies.

He's been safe while in Dubai and in other countries that are outside the Five Eyes/Nine Eyes/14 Eyes sphere of influence.

Then Pavel decided to leave and the perfect chance appeared to snatch him.

Now they will attempt to coerce Pavel in France to provide backdoor access to Telegram or face 20+ years in jail for made-up crimes that have nothing to do with him.

Desperate times call for desperate measures; and when such things are being done in front of people, this is the sign of such changing times that we're living in.

Rumble has received censorship demands from Australia, New Zealand, and other countries that infringe on everyone's human rights.

We are noticing a dramatic increase in global censorship, unlike anything we've seen before.

Yes!!!! Global censorship by the CYSem for sure has and is increasing. The OPP and a corrupt bureauCRAP have been trying to silence me for over two decades (lies, defamation, CCC violations, Charter of Rights and Freedoms violations and BR violations)and failed but upped the ante but will pay for that by exposure and publicized court of public opinion in Canuckistan and USA.
