California is drowning in an inferno of DEI mediocrity and failure—and on top of that, it's literally burning to the ground. It's a horrific, nightmarish state of affairs, with people and animals losing their lives and homes thanks to the gross negligence and DEI stupidity of so-called leaders and officials. Right now, California looks like all-out Armageddon, with water and firefighter shortages, mass looting, and, this just in: pyromaniacs are now jumping into the chaos.

Fire in Malibu Beach, California

I can't help but think this is arson. How else does an entire row of houses directly on the beach with very little surrounding foliage completely burn to the ground?

Watching California turn to ash makes you wonder—are these the final days for the land of fruits and nuts? It all feels so Biblical. But we're not making light of this hellish situation—it's gut-wrenching to watch people lose everything. Sadly, one thing is clear: elections have consequences, and you get what you vote for.

That's the angry, frustrated message from west coast comedian and podcaster Adam Carolla.

Kevin Dalton  
@TheKevinDalton · [Follow](#)

Adam Carolla says the caravan of homeless RVs will be back on PCH before residents can even pull a permit to think about rebuilding their \$20 million homes.
Hard to argue.

And speaking of Adam Carolla, did you know he once applied to be a firefighter in LA and had to wait seven years—yes, seven years—because he wasn't Black, Hispanic, or a woman?

Apparently, white guys need not apply.

Ironically, we just published a piece about the DEI gay fire chief ranting about the firefighter shortage in Los Angeles.

[Revolver:](#)

As the city of LA burns down to the ground, thanks to a laundry list of failures from California's progressive "leaders," the LGBTQ DEI fire chief is now complaining about a firefighter shortage.

Maybe she's forgotten that during the COVID "pandemic" hysteria, hundreds of brave heroes were suspended or fired for refusing to take the dangerous job.

113 LAFD FIREFIGHTERS REMOVED FROM DUTY WITHOUT PAY FOR FAILING TO MEET CITY'S VACCINATION MANDATE

Whenever fires like this ignite, the left jumps at the chance to push their climate change agenda. But the truth is, a massive number of California fires are actually caused by humans—discarded cigarettes, careless campfires, and arson.

And the reason these fires spiral out of control and spread like, well, wildfire (pun intended), is due to mismanagement from radical liberals like Gavin Newsom. As President Trump so artfully pointed out, Newsom seems to care more about some random “fish” than actual human beings.

Donald J. Trump ✓

@realDonaldTrump

Governor Gavin Newscom refused to sign the water restoration declaration put before him that would have allowed millions of gallons of water, from excess rain and snow melt from the North, to flow daily into many parts of California, including the areas that are currently burning in a virtually apocalyptic way. He wanted to protect an essentially worthless fish called a smelt, by giving it less water (it didn't work!), but didn't care about the people of California. Now the ultimate price is being paid. I will demand that this incompetent governor

allow beautiful, clean, fresh water to FLOW INTO CALIFORNIA! He is the blame for this. On top of it all, no water for fire hydrants, not firefighting planes. A true disaster!

California is crumbling under the weight of DEI and a laundry list of failed progressive and globalist policies. If President Trump thinks Canada needs saving, he's not wrong—but let's be real: California may need to be liberated first, before it sinks into the ocean like the Titanic.

Additionally, we just learned that LA donated equipment to Ukraine.

Newscum and the other dangerous and evil incompetents will try to blame their evil incompetence on the hoax of "Climate Change" as excuse to take more of your money to spend on more incompetence. Stop believing their lies.

This was entirely preventable even if it was all started by ANTIFA arsonists. (As they have many times before all over the country).

Clear the brush, cut firebreaks, build reservoirs, don't hire DEI incompetents, don't slash fire budgets, don't fire hundreds of trained firefighters because they refused the poison jab.... And most importantly....

STOP ELECTING LEFTISTS!!!!!!

;~) I actually dreamed about that last night, "Sodom and Gomorrah"! true for sorrow for these folks, brought it on themselves though. Let's see, \$17.6 M of the fire money went to the homeless, how many of those do they have now? Also, queer fire chief needs to be charged and pay the price, but will never happen,. Also, "pretty-boy" Newscum needs to also be at least "RECALLED", also will not happen. So, the hierarchy gov. can't figure out why MANY households AND businesses, are basting out of Commiefornia to regain the America dream.

Obama's the first Sodom POTUS. He was chatting with Trump yesterday at Carter's funeral. Trump laughed and said:"Do you pardon me for asking for your birth certificate?" Obama said "Sure, just don't mention Newsweek's article called "Belief Watch, Is Obama the Antichrist?" because that would really embarrass me and I'd have to run away to some foreign country."

What about Rev Jeremiah Wright's Trinity United Church of Christ in Chicago, that was the homosexual dating agency for you guys.

What about Sohale Siddiqi, your Pakistani roommate at Columbia? (Google "Barack Obama and his wild, drug-taking roomie")

The Left threw Stormy Daniels at Trump and it stuck on the wall.

We've got to know who we're facing.

The Left are hypocrits and punks or gold-diggers that want to marry rich men:the leftists are leeches that hate success.

They're Leftists that have their hippy girls sleep with men and take pictures to ransom them with.

If the Left defend Obama by shielding him from Trump.... And they use Stormy Daniels for that... well that's pretty weak, don't you think folks.

If Obama who's the Antichrist (The Antichrist is Satan-in-Person says Wikipedia) only has a porn actress to defend him, well I'd say the Antichrist is toast. Next time you have a porn star be the only one to stand up for you, you're not in good hands, no pun intended... nudge nudge.

Obama's a joke.

Imagine a gang Don or the head of a Latino Cartel, being arrested and he have a porn star defend him in court. lol!

Obama's done, with Stormy Daniel the only one holding Trump back from revealing Obama's "stormy" past as the homosexual, torrid Satan.

So, Trump answered Barry: "Nothing personal bro, but mentioning Newsweek's article called "Belief Watch, Is Obama the Antichrist?" will really embarass you and you'll have to run away to some foreign country, and hide, (Kenya? Ghana? You can hide in a hut, living nekkid, eating men's flesh and act like you're from Kenya, hahaha!)." "But", added Trump, that's just collateral damage, nothing personal." Trump then ended the conversation with a firm: "Understand me, Satan, if I don't call out your Satanical Essence, the Antichrist (which you clearly are, not just approx. you're The One, the Real Thing. The Antichrist with a capital "A"...if I, DJ Trump, I don't call out who you really are Barry whatever your real name is....I'll go to hell so it's you, the Devil, or me." Trump dropped mic. The showman per excellence.

Folks, I'm not tongue-in-cheek nor Babylon Bee here. This is for real. In just 9 days Trump enters Jerusalem with Huckabee as ambassador. 150 M Evangelists are revved up and ready to roll. Get ready this is going to rip. The Trump Team are rebuilding the Third Temple that gives way to Jesus' Second Coming Halleluyah. Take this with a pinch of salt, folks... I'm Tibetan Buddhist, so chill, folks!!! I'm cool....5 yrs of tibetan at INALCO Paris - University. I'm a specialist in the Kalachakra. Yeehaw! Going smack into the eye of the storm Apocalypse, right on target!!! Wham!

Israel's history has Tibetan Buddhist kings ruling it in the 13th century , Google this: Hulagu Khan + Hulagid Dynasty + "Ilkhanate" or "Ilkhanid" (made up the biggest empire in the world along with Tang and Golden Horde - the China and Russian Mongol Empires...) + Buddhism in Iran. Boom! Got your work cut out for you, guys!!! Go for it, folks!!!!

Trump's heading into Jerusalem in 9 days acting like The Messenger. He'll be rebuilding the Third Temple within two years. That's the signal for Jesus' Second Coming. (Whatever that means for us Buddhists too...)

Trump's acting out Revelation cum Apocalypse as Season II of his presidency, and for that he needs Obmaa to play the role of Villain aka Antichrist

Trump's run out of steam at the Apprentice, I'm not joking. So he's reverting to doing something for the country as he says in his own words.

He decided that just playing the playboy was not enough and thought that doing something that will be to his credit for his legacy was not a bad way to go. He's a strategist thinking about Phases I, II and III of his life. All have to unfold (like a building project needs a few years til the projects over. He thinks like for that kind of project.)

He's a simple guy when you look at him.

He can't carry out his projects of Apocalypse unless he gets help from heaven given by us with the Obama 666 story info to feed his narrative to achieve the end result he wants. (which is the Apocalypse)

Hope Obama falls before Trump. I'm not against you getting your revenge, mind you. I understand you Lefties want to get back for Karl Marx and Che Guevara. You want revenge for Yassar Arafat and Mandela.

I understand where you're coming from. Go for it.

But Obama's for us. We own him. He's the Antichrist.

That's not negociable. He's for us.

That's a done deal and there's no way back.

You can reap disaster on the world and turn the earth barren, who cares right.

But the Devil Antichrist belongs to us

but the damn internet belongs to us.

Obama's not going anywhere and we're going to "ground" him. He can run, he can flee but he can't escape. He's ours. He belongs to us. You can do whatever you want, but don't touch Obama, he belongs to us, The Chosen Ones. We claim his doomed arse. Now, not tomorrow.
