Promises made, promises kept. It's a phrase MAGA is familiar with, thanks to President Trump's first term, when he did everything in his power to deliver on the promises he made to his supporters. Compare that to the average politician, who lies through their teeth just to get elected and forgets their promises the moment they win. Both parties are famous for this, but Dems have made it an art form—especially when it comes to their black voters, who only seem to matter every four years or so.

President Trump took the oath of office on Monday, January 20th, and wasted no time keeping his word. One of his first acts was pardoning 1,500 January 6th political prisoners.

Promises Made, Promises Kept...
And we are only just starting ususus

— Donald Trump Jr. (@DonaldJTrumpJr) [January 21, 2025](#)

These 1,500 January 6th political prisoners spent nearly 1,500 days trapped in the clutches of the tyrannical Biden regime. Even so, their motto: “victory over victimhood” says it all, right?

Heroes. God Bless them.

1,416 days incarcerated.

This week, we break free.

— The Real J6 (@TheRealJ6Shane) [January 19, 2025](#)

However, there may be one very big problem with this J6 victory...

Reports indicate that DC and other jails are slow-walking the process, and refusing to release the hostages, which goes against the entire idea of the pardon, which “trumps” all – pun intended.

When word of this hostage situation hit the internet, all hell broke loose and MAGA jumped into action like angry Pit Bulls, standing up for the J6 hostages, with the fire of a thousand suns.

DC jail is stonewalling the release of J6 political prisoners who've been pardoned by President Trump.

This is outrageous. The pardon is absolute.

Anyone obstructing or delaying the release of the J6 defendants needs to be prosecuted. pic.twitter.com/2NhBEGEOJt

— Paul A. Szygula us (@Bubblebathgirl) [January 21, 2025](#)

MAGA's biggest online activists and influencers wasted no time and took to X and instructed followers on how to fight back. Charlie Kirk, a warrior in his own right, was among the first, instructing J6 family members to take a copy of the signed EO to the prison and demand the release of their loved one.

As Charlie points out, the Presidential Pardon is **absolute, total, and immediate**.

If you are a family member of a J6 hostage go to the prison and show a copy.

They have to release the prisoner.

Pardon power is absolute total and immediate.

Don't let them delay – we demand immediate release!

— Charlie Kirk (@charliekirk11) [January 21, 2025](#)

Elon saw Charlie's post and is now asking anyone struggling to free their loved ones to reach out to him directly.

Please let us know if you encounter any difficulties with release of your loved ones

If these shocking reports are true, it means these regime loyalists have gotten way too comfortable breaking the law and using North Korea-style tactics on everyday Americans. So much so, they think they have more power than the President of the United States? Pretty scary stuff.

[READ MORE: Two powerful theories emerge about Biden's pardon of Fauci, Cheney, Milley, etc...](#)

The popular Hodge Twins took to X, urging their followers to contact this Texas prison directly and pressure officials to release the January 6th hostages immediately.

— Hodgetwins (@hodgetwins) [January 21, 2025](#)

Other MAGA influencers also urged their followers to reach out to the US Marshal.

BREAKING – It's being reported that numerous prisons are refusing to release their J6 hostages as they were ordered to.

If you know of any prisons refusing to obey Trump's pardon, please contact your local US Marshal.

However, there are unconfirmed reports of violence breaking out inside the very troubled, and disgraced DC prison between J6 hostages and guards. While Revolver can't verify these claims, they're gaining a lot of attention online, so we're sharing what we've seen with you.

That's not to say every January 6th participant is being held hostage by prison officials. Popular Proud Boys leader Enrique Tarrío has been released. The Marxist Biden regime had sentenced him to 22 years in prison.

One journalist who was pardoned by President Trump, had this deeply moving message to share.

— Liz Wheeler (@Liz_Wheeler) [January 21, 2025](#)

On the ground, there were clashes between pro-Trump January 6th supporters and anti-Trump groups outside a DC jail. Given everything we now know, it's hard to watch this and not wonder how many feds are in the crowd, stirring things up once more for old times' sake.

And speaking of “old times sake,” earlier that day, Trump suggested that Nancy Pelosi might have been the mastermind behind the entire January 6th setup—and if you’ve been around MAGA for any length of time, you know that’s been a long-running theory, and for good reason, as President Trump points out.

What these regime loyalists are about to learn the hard way is that the free Marxist ride is over. The old sheriff is back in town, and he’s not messing around. He’s backed by an army of Americans demanding reform, transparency, and real change. The North Korea-style chaos we witnessed under the Biden regime—likely orchestrated by Obama, Pelosi, and other Deep State players—is officially over.

[READ MORE: Trump’s Border Czar develops groundbreaking new RULE to force illegals to self-deport...](#)

That’s why it was so inspiring to see MAGA spring into action like pit bulls, ready to take on anyone standing in the way of what **we the people** voted for. After being silenced in 2020, there’s no way we’re letting that happen again.

God saved this man for a reason. pic.twitter.com/qUjhcNVx1g

— Eric Matheny 🗣️ (@ericmmatheny) [January 20, 2025](#)

As President Trump reminds us, this is the dawn of America’s golden age. We’re not going back to the darkness of the Biden regime. We’re taking our hostages, reclaiming our victory, and moving forward in triumph.

And remember...

Never bet against the Trump family... pic.twitter.com/uGDe5DDaT7

I am calling for every prison guard, every jailer, and anyone else involved in holding these hostages to be arrested, cuffed, and held in their own jail (after being FULLY PROCESSED) where they should be held without bond until such time as they can be prosecuted.

It should take 4 years to begin those trials.

Report: Jails refusing to release Pardoned J6 Hostages, MAGA Army unleashes 'PIT BULL' attack... - Revolver News
Everyone in the chain from the most junior guards to the most senior decision makers need to be arrested and put in solitary until their questioning is complete. This is political terrorism.

Treat them accordingly!

President Eisenhower once used the National Guard to integrate schools; President Trump can do the same. He is the Comander and Chief of the Armed Forces and Washington DC needs to know that what is being done is treason and it will be dealt with using the full weight and power of the authority granted by the Constituon to the President..

HAMAS was created by Israel to overthrow Arafat. Just as the Taliban was created by the US. They are called proxy wars.

No.

Hamas was created by the Muslim Brotherhood to oppose the PLO

Israel briefly gave them covert support, until they became even more radical than the PLO

But israel did not CREATE them

The democrats in charge of running Washington DC, it's mayor, judges, and police operate under what is referred to as "Home Rule" which was granted to them by the federal government in 1973, and as such could be vacated at any time and returned to federal rule. Since the city of Washington DC under "home rule" has abused the law again and again with corrupt politicians, judges and police, the time has come for the federal government to say "enough", and return power totally to the federal government in ruling the city, it's prison, and it's court system.

I think that the guards at the DC gulag are going to try to kill Ryan Samsel because he holds the key to what Ray Epps really said in his ear right before the very first breach on January 6, 2021. They don't want Ryan Samsel telling the world the truth about Ray Epps so, in spite of Trump's pardons, they will not release Ryan Samsel or they will try and kill him before he is able to be released.

Time for Trump to bring out the lawyers. The deep state is at it again. There is no excuse worthy of attention for not letting the J6ers free. They are slow walking the process and THE person responsible should be fired immediately along with any followers.

The mistreatment of these people cannot be allowed. I worked as a Correctional Officer for almost 14 years. I know the rules and procedures like the back of my hand. These guards and wardens were allowed to break all the rules and procedures for rights that a prisoner is guaranteed. Time for them to be held accountable. Put them in prison.

Keep in mind, folks, the majority of J6 prisoners are white conservatives and the DC jailers are predominantly black Democrats. The refusal to release the prisoners is primarily due to racist black people being in charge. If you disagree with me, prove me wrong. But if I am correct, there should be a lot of black prison guards and black prison administrators being perp walked in orange jumpsuits very soon.
