

PERSONAL NOTES

Kash Patel hits MS-13 Gang Leader two miles away from my house

There's a reason "Woodbridge" was becoming known as "Hoodbridge"

The MS-13 presence was becoming obvious in Woodbridge. The tattoos on the neck were giveaways. Often they would buy nice, super-size homes and then blow off the Prince William County Ordinance that only one family unit was supposed to occupy each home.

If you were a non-Latino, you would not notice the rising presence and specter of MS-13. They stayed away from you.

If you were an American Citizen of Latino heritage, or an Illegal Alien of Latino heritage, you lived in terror of MS-13. Your children were the prime candidates for being recruited or being trafficked.

This situation exposes the lies of Open Border Advocates living off of laundered USAID or HUD money taken from your pocket. There is nothing compassionate about Open Borders, it was violent and harsh for everyone involved.

We decided to leave early to see the Cherry Blossoms in Washington, D.C. with my Father-in-Law and Sister-in-Law. If we left a few minutes later, we might have been trapped in the massive law enforcement raid that snared one of the top MS-13 leaders in the nation.

It's great to see leaders of Designated Terrorist Groups and their soldiers be rounded up. I hope they enjoy President Bukele's SuperMax Prisons. They'll be treated well.

This raid is great evidence of what happens when the 40% of the FBI assigned to J-6 are re-focused toward protecting America and going after violent Illegal Aliens.

Here are my neighbor's lighting up on the Ring.com network about the raid.

I'm not tired of winning yet.

You are not the only one who was two miles away. It seems 55 neighbors were also close by. And now a few other thousands live probably within two mile range next to an MS-13 compound.

It is not about the raid.

It is about the raid exposing your special neighborhood.

It is about neighbors who are ready at any time to use violence without respect for our rule of law is unprecedented for our communities in the U.S.

As we remove MS-13 and TdA one by one, a question remains: will they just watch how they are one by one or will they resort to using nonsensical violence? -

ICE is doing a fantastic job.
